

# Thank You Everyone for the Help

Dear Noor, Mr Daniel and Everyone in the Department

I would like to write this on behalf of Mdm Lee Wei Shan to convey the message to everyone on what she wants to express. She said this in mandarin.

"I am really very happy that everyone is here to celebrate my birthday with me. Happy to eat what I am always looking forward to. For the past few days, I am able to take in anything, foods are too tasteless, no appetite but today, I ate a lot. I been told that they are unable to order Old Chang Kee food, but due to some help, I am able to enjoy my foods, and I know this might be my last food I am able to enjoy. Thank you for everyone's help, thank you for the cake, and thank you for the birthday card. This this the first time receive a birthday card. Thank you everyone"

Although after the party, Mdm Lee coma in the hospital for a few days, and had left us peacefully, but really sincerely, I am really thank you for everyone's help and help me and my team to fulfill the small wish for Mdm Lee.

I wish everyone all the best and continue the great work. Last would like to thanks Noor for the call, and follow up with me and did your best to help me. And Mr Daniel for extra helps and service to surprise Mdm Lee.

Great Work Everyone! Keep It up!

Best Regards
